

AMIkids Penacola

United Way Funded Program:
GED Program

Funding Amount: \$11,275
1-year grant

Description of Program Services: AMIkids is dedicated to helping our troubled kids realize and achieve their potential, strengthen their community, and have a lasting impact on generations to come.

Impact Area: Education

Significant Statistics: While Escambia County has seen a steady increase in graduation rates over the last four years, much effort is still needed to close the gap. In 2014-2015, the graduation rate of about 2,800 seniors in Escambia County was 72.7%, which calculates to about 792 students that did not graduate. Earning a diploma or GED gives students the opportunity to earn higher wages, which results in a better quality of life. AMI Kids is dedicated to helping our troubled kids realize and achieve their potential, strengthen their community and have a lasting impact on generations to come.
