

Health and Hope Clinic

United Way Funded Program:
Access to Care

Funding Amount: \$17,900
1-year grant

Description of Program Services: Health and Hope Clinic offers free and charitable medical and dental services for qualified individuals. As only one of three primary care clinics offering free services to the uninsured population in the area, the Health and Hope Clinic offers free and charitable medical and dental services for qualified individuals. Volunteer medical professionals provide evaluation and treatment and community referrals.

Impact Area: Health

Significant Statistics: As of 2013, 23% (39,964) Escambia county adults between 18-65 years of age are uninsured.
