United Way Funded Program: Sexual/Physical Abuse Treatment Program

Funding Amount: \$38,077
3-year grant

Description of Program Services: Sexual/physical abuse treatment service for child victims and their families, to reduce the trauma surrounding the abuse and to prevent the recurrence of sexual abuse.

Impact Area: Health

Significant Statistics: From January to December of 2013, 2,068 abused children were served at Gulf Coast Kid's House Child Advocacy Center. The Sexual/Physical Abuse Treatment Program attends to recovery and improved mental health that enables victims to succeed in other areas of their lives. Improved mental health allows for attention to physical health and readiness to engage in other healthy activities.
